Well-known Washingtonian Passes Away in Aiken, S. C.

Advices received here from Aiken, S. C., announced the death in that place early Monday morning of William S. Thompson, jr., of this city, son of Annie O. and the late William S.

Mr. Thompson was born in this city in 1861, receiving his early education at private schools, later attending the old Columbian College on Fourteenth street extended, from which institution he was graduated, afterward taking a course and graduating from the College

After graduating from the latter institution, he spent several months in a tour of Europe. Returning to this country, he associated himself with his father in the drug business at 703 Fif-teenth street, where he remained until his marriage in 1878 to Miss Nettie C.

Failing health caused his retirement,

Mr. Thompson was an ardent sportsman, and was a member of the old Columbia Athletic Club, in which he took an active interest. He was also an enthusiastic fisherman, and a member of the Woodmont Rod and Gun

Musicians and Mechanical Music Concerns at Daggers' Points.

Conduct of Patent Office Criticised Inventors to Have Hearing-More Protection Is Desired.

A lively controversy is framing up before the House Committee on Patents, of which Representative Currier, of New Hampshire, is chairman. Musicians and the mechanical machine concerns are at dagger points over provisions in the Currier copyright bill relating to the copyrighting of music, while from various sections of the country protests from inventors are pouring into the committee against the conduct of the Patent Office. The latter type of opposition is coming from Buffalo, Rochester, and other Eastern cities. It is such a deluge of faultfinding that Chairman Currier will give the inventors a hearing. The principal complaint is that the Patent Office force is inadequate. Mr. Currier is at work on a bill to increase the number of clerks and examiners. So far, members of the committee declare they have received no
